Guide to Online Verification of 10-Mo. State-Supported Placements

Verification Required for Reimbursement of Education Tuition paid to §4201 Schools
Online Screen: **DVSSY**

This screen is used by school district personnel to verify 10-Month STAC records for students attending §4201 State-Supported Schools.

Differences from Online Verification for Other Private Placements:

- All §4201 State-Supported placements require Nondistrict Unit approval. For initial placements and changes in placement, paper STAC-1s are submitted to the Nondistrict Unit for approval and are then forwarded to the STAC Unit to be added to the system.
- Verification must be completed for both the 4-Month and 10-Month verification periods, as well as after any changes are made to records.
- The verification deadlines are different than for other private placements.

Online Instructions for Verifying for the 4-Month Period:

1. Go to the online screen named **DVSSY** (4201 AVL/Update/Display).

2. Select the **School Year** from the Drop Down Menu

3. Click the **Get Providers** button

4. Select the first 4201 School from the Drop Down Menu
   - If there are no providers listed, or if the provider you're looking for isn't present, submit a Request for Addition to Drop Down Menu Form.

5. Make sure the **Unverified** radio button is selected in the box at the top-right of the screen.

6. Click the **Get AVL** button.
